PERSONAL PROFILE

I am a Software Engineering Technician Program graduate with a strong interest in software development. I'm organized, dependable, and quick to learn new skills. I enjoy solving problems and am eager to contribute in a professional development environment.

SUMMARY OF QUALIFICATIONS

- Graduate of the Software Engineering Technician Program at Centennial College
- Completed college projects in web development using JavaScript, HTML, and CSS
- Proficient in C#, Python, Java, and JavaScript
- Experienced in SQL databases, and Testing and Quality Assurance
- Strong problem-solving and analytical skills with attention to detail
- Team-oriented with good communication and time management skills
- Motivated learner with a professional and adaptable mindset

EDUCATION

Software Engineering Technician Program (Diploma)

Centennial College, Toronto, Ontario, Canada.

September 2024 – December 2025

Developed skills in programming, software/web development, database management, and software testing through hands-on assignments and projects. Gained experience working with multiple programming languages and collaborated with classmates on several group projects in various courses.

Relevant Courses Completed:

- Advanced C# Programming
- Java Programming
- Advanced Database Concepts

Key Achievements:

- Graduated with High Honours (Cumulative GPA: 4.3 / 4.5)
- Designed and developed a responsive web application using HTML, CSS, and JavaScript, applying frontend and backend integration concepts and deploying it as a functional site.

Chef De Cuisine Program (Diploma)

Liaison College, Etobicoke, Ontario, Canada

May 2012 – April 2013

Learned practical and technical skills in culinary arts through hands-on training in menu planning, food preparation, sanitation, and kitchen management. This experience helped me improve my organization, precision, and ability to work well under pressure.

Relevant Courses Completed:

- 6 months of practical and 6 months of technical courses completed

Key Achievements:

- Successfully completed the Chef De Cuisine Diploma with strong performance in both practical and theoretical assessments.

WORK HISTORY

Tut's Egyptian Street Food
Mississauga, Ontario, Canada

July 2023 – April 2024

Prep Cook

Prepared and organized menu items in a fast-paced kitchen while maintaining consistency and quality, developing strong time management skills and attention to detail under pressure.

Key Achievements:

- Managed prep work for three locations, improving efficiency and consistency, which helped strengthen soft skills that can also be applied to working as a developer.

TECHNICAL SKILLS SUMMARY

Microsoft Products: Word, Excel, PowerPoint, Outlook, Visio

Software and Tools: Visual Studio Code, Eclipse, IntelliJ, GitHub, Postman, Netlify, Render

Programming Languages and Frameworks: C#, Java, JavaScript, Python, SQL, HTML, CSS, React, Node.js, Express.js

PERSONAL INTERESTS / VOLUNTEER WORK

- Contributed to the community as a volunteer gardener at Mississauga Garden Council by maintaining outdoor spaces and assisting with gardening projects.
